

# 10<sup>th</sup> Investment Forum

— PEOPLE – TECHNOLOGIES – MANAGEMENT —

24-25 April 2017, Tarnow, Poland

The 10th Investment Forum in Tarnów is a platform for exchange of views and a meeting place for investors from Poland and from Central and Eastern Europe, representatives of governments and parliaments, business executives, founders of startups, experts, researchers and innovators.

- 2 days of debates and meetings
- THEMATIC BLOCKS: discussion panels, lectures, presentations, reports
- The Investor and The Investment Of The Year Award Ceremony
- STARTUP AWARD Competition (prize pool PLN 100,000)
- ROBOT SHOW! Competition (robots and drones zone)
- Evening networking event (banquet with music)
- VENUE: Ludwik Solski Theatre, Mickiewicza 4, 33-100 Tarnów

**Financial Technologies (FinTech), new technologies in the energy sector and in healthcare, modern management systems in companies** – these are going to be the leading topics.

The Investment Forum will feature representatives of science, business, politics, as well as presentations devoted to practical applications of innovative solutions by startups and the largest consulting firms, IT sector and industrial ventures.

A display for startups, the Investment Forum is a privileged venue for those who want to create or build their business based on an innovative approach, deepen their knowledge, learn practical tools and find inspiration for their activities.

Competitions are another part of the Investment Forum's agenda. With **STARTUP AWARD**, we invite entrepreneurs with innovative ideas, project teams, independent persons and creative experts from the new technologies area to take part in it. **ROBOT SHOW** is yet another option for young talents, aimed at promoting the passion for new technologies and robotics. In this competition creativity, originality and imagination is what matters most.
